

## EEA Frequently Asked Questions.

1. Q: If the project was designed by engineers in North Carolina but was built in another state, would it still qualify for an award?

A: No, projects must be physically located in North Carolina and executed by a company physically located in North Carolina. The project team should be primarily based in North Carolina."

2. Q: If a project was given an award in a previous year but in one category, can we submit this year in a different category?

A: Yes, it's a different category so it qualifies

3. Q: Do you need multiple portals to submit multiple entries?

A: As far as needing two different portals (usernames), that is completely up to you. Some use the same username to enter two or three projects. Some prefer two or three usernames as there is a different marketing person inputting each project (usually from different divisions).

4. Q: Do you have to pay by check or can you pay by credit card or ACH?

A: You can pay either by check, ACH, or credit card. Here is the link for that: ([link event page](#))
